25th june 2023

‘Elephant in the Market’ presents itself as a dynamic showcase where a curated selection of artists, creatives, and artisans converge to share their unique creations with the public, along with the opportunity to engage in meaningful dialogues, forge connections, and exchange insights into their creative processes.

Our event is crafted to foster a vibrant and interactive atmosphere, where people can immerse themselves in a tapestry of creativity and innovation. By spotlighting emerging talents and providing them a platform to express themselves, we are committed to nurturing a supportive community that celebrates artistic diversity and inclusivity.

‘Elephant in the Market’ is passionate about promoting conscious consumption and sustainable practices. We truly believe in the power of small businesses and creatives who pour their hearts and souls into crafting one-of-a-kind pieces. We are celebrating creativity, connection, and conscious commerce where every purchase is a vote for craftsmanship, sustainability, and the vibrant spirit of artistic expression.
